MYA LEONARDO

My year as Miss Southeastern Massachusetts flew by in the blink of an eye and now it is time to see the next incredible young woman take my place. It was an honor to represent my home area, Southeastern Massachusetts, where I grew up and became the person I am today. I was able to give back to my community with toothbrush donations and oral hygiene workshops, advocate the importance of ending bullying, and celebrating my Portuguese heritage with my local community. Throughout my year, I was able to donate over 800 toothbrushes and toothpaste to local youth at my oral hygiene workshops and to local shelters to ensure that everyone had the tools needed to take care of their smile. I connected with over 300 students at my oral hygiene workshops with my helpful friend “Molar the Dragon” to teach students how to properly brush their teeth. I wrote and published my first children’s book “Maggie and Her Powerful Braces” to help readers through their experience with braces and/or standing up to the bullies in life. I created and passed out informative brochures titled “Take Care of Your Pearly Whites” to bring the oral hygiene education home with the students for their future reference.

I accomplished more than I could ever imagine while taking college classes, working at my cooperative education as a dental assistant, studying for my Dental Admissions Test, and being a part of my endless amount of extracurricular activities and volunteering. The ability to do everything I set my mind to while juggling the rest of my life would not have been possible without the encouragement and support of the Miss Southeastern Massachusetts board, Lyndsey, Kyle, and Miss Erin who volunteered their time to chaperone at appearances, prepare me for Miss Massachusetts, and help build my Community Service Initiative: Smart Smiles-Empowering the World One Smile at a Time. My mom, dad, and my sister Nicole were ready to help me when I needed it to keep my year of service running smoothly. They are my biggest support system and I would not have been able to travel around Southeastern Massachusetts without their help. This organization blessed me with my lovely teen, Faith, who became my pageant sister, friend, and someone that I will always have in my life. This year was full of fun, laughs, and the word “slay” with Faith and I am excited to support her through her next journey! She is full of talents so watch out world!

As I end my 6th year in this organization, I often get asked why I continue to compete in the Miss America Opportunity. My reasons are compiled into a lengthy list including the scholarship dollars to further my education in becoming a dentist, the endless friendships, interview skills, and the ability to network. Through networking and connections that I made as Miss Southeastern Massachusetts, I was able to earn 2 dental assisting jobs within the dental field. The impact of the Miss America Opportunity to the women involved is endless and I am grateful to have been a part of it for the last 6 years.

My year was nothing short of spectacular and as I reflect on my growth throughout my year as Miss Southeastern Massachusetts, I see the determined, ambitious, motivated, outgoing, and welcoming person that thrived and will continue to thrive throughout my next journey. Thank you for following along during my year and I wish all the best to the next outstanding woman who becomes our Miss Southeastern Massachusetts 2024.

FAITH O'HANLON

As I look back on my year and begin the process of giving up this incredible title, it's crazy to think of the person that I was a year ago today. There is a past version of me who's incredibly proud of all that I've been able to accomplish with this opportunity and I cannot wait to see the impact that this organization will make on my successor's life, whoever she may be.

In my opinion, service is one of the greatest aspects of the Miss America Organization. Throughout this past year, I've been able to spread my CSI, Hope for Hearts, in more ways than I could've imagined. I've sold over 1,000 copies of my children's book, *Princess Valentine's Perfectly Imperfect Heart*, with over half of those copies being directly donated to children in critical care. My work as an ambassador within the American Heart Association has been so fulfilling. Many of my weekends this past year were spent volunteering at events and developing awareness campaigns within my community. It is incredible to look back and see the immense change that can be made in such a short period of time.

None of my work this year would've been possible without the lifelong relationships I've been lucky enough to make. I'm especially grateful to my family for always encouraging me to be the best version of myself. Dad and Mom, you will always be my biggest inspirations! I truly couldn't ask for a better support system, from Lyndsey, Kyle, Erin, and Mya helping me navigate the complicated pageant world to my best friends and family cheering me on every step of the way— thank you!

This organization prides itself on its ability to instill confidence and purpose in young women and I couldn't agree more with that notion. As my year comes to a close, I am happy to walk away with a newfound sense of courage, drive, and excitement for the years to come. Sending all of my love to everyone who followed along on this journey. I can't wait to see what's next!
